## Panama Scouts Coming

Will Spend Month in Norway

The Harry Stone Post, No. 82, American Legion, will sponsor the entertainment of some thirty or forty Boy Scouts from the Canal Zone, Panama, during their stay in Norway.

The boys belong to the Canal Zone Scout Council, No. 10, Region 13, at Balboa, Canal Zone, and each year, having spent some time in Philadelphia and places in the Canal Zone.

Through the recommendations of Rex Bickford, Scoutmaster of the American Legion, and William Horne of Balboa, the arrangements for the visit have been completed except the location of the camp site, which is being determined.

The boys will be accompanied by a Scoutmaster and a Scoutmaster's assistant. They will be in Norway from July 1st to July 15th, 1932.

They are bringing all camping equipment with them, so it will only be necessary to find a place where they can pitch their tents. World appreciate it if you can secure camp sites near lake, and if you can suggest a place, please let us know.

There will be a number of counselors with the boys, as well as some of the parents, who will be very helpful during the trip. The Scouts are reported to be among the best, and are a fine lot of boys and full-fledged boy scouts.

## Norway-Paris Opened Home Game

### Wilton Took Over the Home Town Outfit—It was a Battle Royal with a Belated Rally that Wilton Nipped Short

Norway-Paris Baseball Association opened the home Pine Tree League season at Oxford County fair grounds, Saturday afternoon with the strong Wilton team for the curtain raiser. The visitors won the exciting battle, 4-3, and gave local fans a big taste of sport equal to any semi-pro stuff on the market.

This was an occasion for the novelty of opening in regular league style with a father and son set of starting the first ball in motion. Rupert Aldrich, Clerk of Courts, and former athlete, took his position in the pitcher's box after the Norway-Paris players were in position. His father, Elmer L. Aldrich, a director of the league, donned a mask and received the first ball hurled across the plate by his son.

Another feature was giving away a radio set to Odell C. Rich, Jr., who held the lucky admission ticket. The game opened brisk and snappy with Wilton at the bat. This outfit gained the first run in the second inning and N. & P. covered it in their half. Nothing but an occasional hit and sharp playing kept the score at zero until the fifth, when Wilton annexed another run for a lead.

This held fire until the eighth, when Wilton again bunched its attack with two outfield hits, giving a pair of scores. With the game 4-1 against them the Norway-Paris combination opened a stick rally in their half and sent two runners across. Each outfit worked a man around the circuit in the last frame, closing the game with a score 5-4.

Paul Nevers, who replaced the pitcher, worked a man around the circuit in the last frame, closing the game with a score 5-4. The game was a battle royal with a belated rally that Wilton nipped short.

## Good News as to Harrison-Norway Road

### Good Road Coming Some Day

While there is nothing definite as yet, for publication relative to the federal aid road which is to be constructed in the future between this village and Norway, those who are in touch with the situation feel greatly encouraged and confidently expect to see some action on this road some time in the near future.

It is highly probable, however, that the construction of the road will be delayed for some time. The road is a much needed one, and it is hoped that it will be built up to take care of this project.

The stage having a backdrop of green boughs and a carpet of green grass, together with small lawn stools and chairs, umbrellas, tables, foot stools and magazines gave the appearance of rest and comfort for those who may enjoy during the summer months in Maine. The girls were dressed in dainty summer frocks, while boys were attired in becoming suits, well selected for their age and usage.

Their selections were delightfully novel, and the fact that they have been so many unavoidable libations during the year and reflected much credit on their teacher, the hearty cooperation of all the students and the good character of the play. Following is the program:
